STARBUCKS®

Your designs may feature a range of materials, such as wood, metal, plastic, and glass, depending on the aesthetic and functional requirements of the Starbucks stores you are designing for. You may also incorporate branding elements, such as the Starbucks logo or color scheme, into your designs to help reinforce the Starbucks brand.

Additionally, your portfolio may highlight your ability to work closely with clients, listening to their needs and preferences, and providing customized solutions that meet their unique requirements. This may include the ability to create furniture that is optimized for space utilization, durability, and ease of maintenance, as well as designs that are aesthetically pleasing and aligned with the overall look and feel of the Starbucks brand.

May showcase a range of styles and designs, from traditional to modern and contemporary, and may include both indoor and outdoor furniture.

You may have also developed furniture specifically for different types of Starbucks stores, such as standalone stores, drive-thru locations, or stores located inside other buildings or establishments.

Overall, your portfolio as a furniture company producing furniture for Starbucks stores is likely to showcase a broad range of high-quality, functional, and aesthetically appealing designs that meet the specific needs of Starbucks stores while aligning with the brand's overall aesthetic and values.

BURGER KING

For a decade, a furniture manufacturer in Turkey has been supplying furniture to 300 Burger King stores across the country. This partnership has been mutually beneficial for both parties and has helped to create a consistent and cohesive brand image for the popular fast-food chain.

Furniture is a critical aspect of any restaurant's design and atmosphere, and it is especially important for fast-food chains like Burger King, where customers often eat quickly and on the go. The furniture in these establishments must be durable, comfortable, and easy to clean. Sentez Modern Project has been able to meet all of these requirements and more.

The company's commitment to quality has been evident throughout the partnership. They use high-quality materials such as wood, metal, and leather to create furniture that is both sturdy and stylish. The designs are modern and minimalist, fitting in perfectly with Burger King's branding.

The manufacturer has also been able to accommodate Burger King's evolving needs over the years. As the chain has expanded and introduced new menu items, the furniture manufacturer has been able to provide custom-made pieces that fit the new designs and layouts of the restaurants.
